## 2019 MILLESIME CHRONICLE

The Pinot Noirs that compose our “BOUZY ROUGE 2019” come exclusively from the La Bruyère vineyard, a historic plot planted in 1973, situated mid-slope with a full southern exposure. The combination of this unique terroir and a particularly favorable summer climate allowed the Pinot Noir grapes to achieve exceptional ripeness. The resulting wine unveils a rich and intense bouquet, supported by a refined tannic structure, providing a tasting experience that will captivate your palate now and evolve into something even more exquisite after a few years of aging.
